# Udder Hygiene

Product	Features	Pre or post	Barrier	Cleaning	Disinfection	Cosmetic	Ecolab Technology	Active substance	Contact time	Packaging
<b>Oxyfoam® D</b>	Ready to use foam	Pre	-	++	++	+++	Lactic acid foam boosted by active oxygen	Lactic acid	30 Secs	20Kg, 210Kg
<b>Veloucid® Spray</b>	Ready to use cosmetic spray	Pre	-	-	+	+++	Povidone Iodine (PVP-I) Emulsio care	Iodine	2 mins	20Kg, 205Kg
<b>Veloucid® D</b>	Ready to use cosmetic dip	Post	-	-	+	+++	Povidone Iodine (PVP-I) Emulsio care	Iodine	2 mins	20Kg, 200Kg
<b>IoShield® Spray*</b>	Ready to use sprayable barrier	Post	+	-	++	++	Povidone Iodine (PVP-I) Shield	Iodine	30 Secs	20kg, 205kg, 1000kg
<b>Io-Shield® D</b>	Ready to use barrier dip	Post	++	-	++	++	Povidone Iodine (PVP-I) Shield	Iodine	30 Secs	20Kg, 210Kg
<b>PhytoShield®</b>	Ready to use barrier dip	Post	+++	-	+	++	Lactic acid boosted by natural plant extracts Shield	Lactic acid	2 mins	10Kg, 20Kg
<b>Film Utile® Spray**</b>	Ready to use spray	Pre + Post	-	+	+	++	-	Lactic acid	30 Secs	20kg, 215kg, 1000kg
<b>Film Utile® Dip</b>	Ready to use dip	Post	-	-	+	++	-	Lactic acid	30 Secs	20Kg, 210Kg
<b>Ioklar® Multi**</b>	Ready to use spray and dip	Pre + Post	-	+	++	++	Povidone Iodine (PVP-I)	Iodine	30 Secs	20Kg, 210Kg, 1000kg
<b>IoKlar® Superdip</b>	Ready to use dip	Post	-	-	++	++	Povidone Iodine (PVP-I)	Iodine	30 Secs	20Kg, 200kg, 1000kg
<b>BluGard® N Spray**</b>	Ready to use spray	Pre + Post	-	+	+	++	-	Lactic acid	30 Secs	20Kg, 200kg, 1000kg
<b>BluGard® N Dip</b>	Ready to use dip	Post	-	-	+	++	-	Lactic acid	30 Secs	20Kg, 200Kg

\* For use in robotic machines

\*\* For use in both robotic machines and ADF systems

**PREMIUM Range** DOUBLE ACTION / CLEANING & DISINFECTION

**PERFORMANCE Range** SIMPLE ACTION / DISINFECTION

# Milking Machine Hygiene

Product	Features	Application	Composition	Dilution	Packaging
<b>Romit® BF</b>	Low foaming rapid action liquid disinfectant	Final rinse cluster/utensil dipping surface disinfection	Peroxyacetic acid	0.3%	21Kg
<b>Hydrosan Liquid</b>	Low foaming liquid cleaner effective in both cold and hot washing	Circulation and bulk tank cleaner	Chlorine	1% - 0.7%	20kg, 200kg
<b>Hydrosan Plus</b>	Low foaming caustic powder	Circulation and bulk tank cleaner	Sodium Hydroxide	0.5%	20kg
<b>Milk-Line Concentrated Powder</b>	Low foaming powder alkaline disinfectant-sanitiser	Circulation and bulk tank cleaner	Chlorine	0.25%	20kg
<b>Descale Liquid</b>	Liquid acid cleaner and sanitiser	Circulation & bulk tank cleaning	Phosphoric acid Sulphuric acid Nitric acid	1%	20kg, 200kg

# Derma Range

Product	Features	Application	Disinfection	Active substance	Dilution	Packaging
<b>Cloth Washing</b>						
<b>DermaPerfect®</b>	Liquid cleaner and disinfectant for textiles	Washing machine	++	Peracetic acid	-	20kg
<b>DermaSoft®</b>	Liquid cleaner and disinfectant for textiles	Bucket	++	Peracetic Acid	0.5%	20kg
<b>DermaPowder®</b>	Powder disinfectant to clean and disinfectant textiles	Bucket	++	Peracetic Acid	0.5%	8kg
<b>Udder Care</b>						
<b>DermaLotion®</b>	Liquid cleaning soap rich in skin conditioners	Bucket and cloth	-	-	0.25%	10kg, 20kg
<b>DermaWipes®</b>	Rich in glycerine and Aloe Vera	Preimpregnated wipes for use before milking	-	-	-	700, 2x700 refill

# Animal Housing Range

Product	Features	Application	Approval	Dilution	Packaging
<b>Inciprop Wet</b>	Liquid acid wetting agent	Agriculture machinery, troughs, floors and walls	-	0.1%	10kg
<b>Inciprop Acid</b>	Liquid acid foam/spray cleaner	Agriculture machinery, troughs, floors and walls	-	2 - 5%	25kg
<b>Inciprop FS</b>	Liquid alkaline cleaner	Liquid feeding systems	-	3 - 5%	10kg
<b>Inciprop Farm</b>	Liquid foaming detergent	Animal housing	-	2 - 5%	26kg
<b>Inciprop Extra</b>	High strength Liquid foaming detergent	Animal housing	-	2 - 3%	22Kg
<b>Inciprop V</b>	Liquid cleaning agent	Vehicles, engine and trailer cleaner	-	1%	11kg
<b>Incimax Des N</b>	Disinfectant by peracetic acid	Surface disinfection	Defra approved	0.5 - 1%	24kg
<b>Incidin AL</b>	Surface disinfectant by gluteraldehyde	Surface disinfection	-	0.2 - 1.5%	19kg

# Ecolab Udder Hygiene Technology

## PVP iodine:

Applying the minimum yet achieving the maximum protection!

## Lactic Acid:

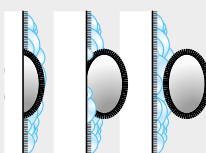

Lactic acid boosted by active oxygen and the extracts of natural plants

### Active Foam Technology

A powerful foam for cleaning and disinfection of the teats

- Cleansing
- Moisturising
- Adhesive
- High Performance

### Shield Technology

A second skin that physically protects the teats.

### Emulsiocare Technology

The oil fat emulsion mixed in water, the best performing comestic technology for the teats

## Disinfection power

1 | PVP Iodine

2 | Lactic acid with active oxygen

3 | Chlorhexidine
