

FilmUtile

Lactic acid based post milking dip

- ▲ Formulated with a natural Alpha Hydroxy Acid (AHA) lactic acid
- ▲ Skin conditioning properties
- ▲ Exfoliating properties
- ▲ Vibrant colour orange

APPLICATION

FilmUtile is a ready to use dip . Fill the dip cup and apply on to the teats after milking. The viscosity of FilmUtile enables complete coverage of the teats with minimal dripping, therefore minimal waste.

FORMULATION

FilmUtile contains a safe vibrant orange dye which makes this product clearly visible on the teats.

The formulation of FilmUtile contains effective exfoliation properties to promote healthy skin renewal and a blend of surfactants for optimal teat cleaning for after milking.

FilmUtile has a complex dermatological fraction that moisturises , tones and softens the skin of the teats.

LOGISTICS

Pack sizes:	20kg	210kg
Article code:	2334280	2335390
EAN code:	4028162334289	4028162335392
Pallet Eu:	24	4

SPECIFICATION

FilmUtile	
Presentation	Orange Liquid
Key ingredient	Lactic Acid
pH	4,3 +_0,3
Density at 20°C	1.05±0.1g/cm3
Storage temperature	Between 0°C & +30°C
Sensitivity to frost	0°C

Welcome!

Modern farming regimes rely on a knowledge-intensive production process with a high degree of efficiency and professional management. Modern farming also requires high standards of hygiene with a particular focus on infection control and the prevention of cross contamination. For the farmer, tailored bio-security and hygiene solutions are vital for a farm's sustainable success.

For many years, Ecolab has been the trusted partner of the farming community throughout the world. We are committed to developing and delivering individual solutions that meet our customers' exact requirements in an effective, efficient and economical way. Our specific products have been designed to:

- ▲ Protect animal health and improve animal welfare
- ▲ Increase farm output and control or reduce costs
- ▲ Protect the quality of the produced product and ensure a higher degree of food safety
- ▲ A visit from your Ecolab representative can help to improve your operations!
