

SPRAYSHIELD CONC

Teat conditioning 3:1 concentrated Iodine and Glycolic Acid based pre and post milking dip, spray or foam with high levels of emollients to help maintain and improve skin condition.

PRODUCT BENEFITS:

- Highly concentrated and economical to use.
- Versatile application – dip, spray or foam.
- Works in 30 seconds for rapid cleaning and sanitising.
- Efficacy tested to EN1656:2009.

INSTRUCTIONS FOR USE:

This product needs to be diluted before use:

1. Prepare a stock solution of one part product to three parts of clean water.
2. Prepare a fresh solution daily.
3. Discard used solution at the end of each milking.

Pre-milking use:

4. Apply product to clean teats by dipping, spraying or foaming.
5. Allow product contact time of at least 30 seconds.
6. Wipe off using a disposable wipe.
7. Apply clusters.

Post-milking use:

8. Immediately after cluster removal, apply product to teats by dipping or spraying.
9. Ensure that teats are fully covered and that product is liberally applied.
10. Refill the dip cup as necessary.
11. Dip cups should be emptied after use and washed before re-use.
12. Do not pour unused product back into container.

SHELF LIFE:

1 year from date of manufacture.

STORAGE:

Store between 0°C to 25°C.

Keep out of direct sunlight.

For health and safety information, please refer to the Safety Data Sheet.
